3:15 – 4:00 PM	<b>Break-out Reporting; Meeting Wrap-up</b>
	Bus back to hotel for participants
4:15 PM	New ANBP Board Meeting

## **Clean, Green, and Mass-Reared**

### **Annual Meeting of the Association of Natural Bio-Control Producers**

October 27–29, 2008; USDA-ARS National Biological Control Lab/CAPPS Center, Stoneville, Mississippi, USA

## **Invited Speakers**

**Margaret Allen.** Research Entomologist, USDA-ARS, Stoneville, Mississippi, USA.

*Biological Control in a Post-Genomics World.*

**Raymond Cloyd.** Associate Professor, Extension Specialist in Ornamental Entomology/Integrated Pest Management, Department of Entomology, Kansas State University, Manhattan, Kansas, USA.

*The Role of Insect Monitoring and Insect Biological Control Programs.*

**Clarence Collison.** Professor & Head of the Department of Entomology & Plant Pathology, Mississippi State University, Mississippi State, Mississippi, USA.

*Entomological Expertise At Mississippi State University.*

**Robert (Sam) Johnson.** Chief, Evaluation & Permitting of Regulated Organisms & Soil, USDA, APHIS, Riverdale, Maryland, USA.

*Current Regulation/Policy Updates for Transporting Natural Enemies.*

**Donald Nordlund.** Technology Transfer Coordinator. USDA-ARS, Athens, Georgia, USA.

*Talk will involve how an ANBP member might do cooperative research with ARS to develop new technology, and about licensing of ARS technology.*

**Juan A. Morales-Ramos** and M. Guadalupe Rojas. Research Entomologist, USDA-ARS, Stoneville, Mississippi, USA.

*Development of Mass Production Systems for Arthropod Natural Enemies in Artificial Diets.*

**Evelyn Rabin.** Patent Advisor. USDA-ARS, Athens, Georgia, USA.

*Talk will involve the patenting process and potential benefits in the agricultural sector.*

**Eric W. Riddick** and Z. Wu. Research Entomologist, USDA-ARS, Stoneville, Mississippi, USA.

*Cold Storage of a Predatory Mite: Effects on Survival and Progeny Production.*

**M. Guadalupe Rojas**, and J. A. Morales-Ramos. Research Entomologist, USDA-ARS, Stoneville, Mississippi, USA.

*Effect of Host Plant on the Chemical Composition of Tetranychus urticae (Prostigmata: Tetranychidae): Variability in soluble protein, anions, and carbohydrates.*

**David Shapiro-Ilan**. Research Entomologist, USDA-ARS, SE Fruit & Tree Nut Research Lab, Byron, Georgia, USA.

*Mass Production and Field Application of Entomopathogenic Nematodes.*

**Douglas Streett**. Supervisory Research Entomologist, Biological Control of Pests Research Unit, USDA-ARS, Stoneville, Mississippi, USA.

*Microbial Contamination of Artificial Diets.*

**Mark Weaver**. Research Entomologist, USDA-ARS, Stoneville, Mississippi, USA.

*Biological Control of Kudzu.*

## ***Organizing Committee***

**Dan Cahn**. ANBP Treasurer. President, Syngenta Bioline, Oxnard, California, USA.

**Kim Gallagher**. ANBP Vice President. General Manager, Sterling Insectary, McFarland, California, USA.

**Edgar King.** Mid South Area Director, USDA-ARS, Stoneville, Mississippi, USA.

**Lynn LeBeck,** Executive Director, ANBP. Clovis, California, USA.

**Norman Leppla.** Professor & Program Director, IPM Florida, University of Florida Institute of Food & Agricultural Sciences, Department of Entomology & Nematology, University of Florida, Gainesville, Florida, USA.

**Anna Luczynski.** Acarology/Entomology & IPM Research Consultant. Qadra Consulting Ltd., Surrey, British Columbia, CANADA

**Eda Reinot.** ANBP Secretary. Head of Research and Development, Becker Underwood's Global Horticulture Specialties, Seed Enhancements and Inoculants. Ames, Iowa, USA.

**Committee Members listed under Speakers:**

**Douglas Streett**  
**Juan Morales-Ramos**  
**M. Guadalupe Rojas**

# Clean, Green and Mass-Reared

October 27–29, 2008

USDA-ARS National Biological Control Laboratory  
Stoneville, Mississippi, USA

call 559-360-7111**

## HOTEL & TRAVEL INFORMATION

**The USDA-ARS, Stoneville Laboratory** is located near Greenville, Mississippi. Harlow's Hotel and Casino in Greenville is our meeting hotel. Major airports recommended for flying to this area include Memphis, TN, Little Rock, AK, and Jackson, MS. Northwest Airlines does fly between Memphis and Greenville, however, rental cars may be the best option for getting to Greenville. We may be able to connect people who wish to car pool to Greenville and back depending on arrival and departure times.

*Harlow's has complimentary parking.*

**Harlow's Casino Hotel and Resort** has blocked rooms for our meeting at the conference rate of \$55/night + tax. Our group ID is "Biological Control Producers at USDA". Please make reservations by phone: (662) 335-9797 or e-mail the \*attached reservation form to Ms. Hughes at [nhughes@harlowscasino.com](mailto:nhughes@harlowscasino.com)

\*This attachment will be separate if this announcement is received by email, or can be downloaded at the ANBP website ([www.anbp.org](http://www.anbp.org))

For Greenville area attractions, visit <http://www.visitgreenville.org/>

If you are looking for a great road trip, New Orleans is approximately 300 miles away. Besides great food and entertainment, the new [Audubon Insectarium](#) has recently opened in New Orleans.

**Visit [www.anbp.org](http://www.anbp.org) for more information**
